The image displays five distinct dashboard mockups for a software platform, arranged in a grid-like fashion. Each dashboard is designed with a clean, modern aesthetic using a color palette of teal, blue, grey, and white.

- Top Left Dashboard:** Titled "POWER-USER BOARD", it features a header "Most active users on {Portfolio.Name}" and a horizontal bar chart with four entries: DK (dark teal), JT (blue), TB (dark blue), and PR (red). A "Collapse" link is visible in the top right corner.
- Top Middle Dashboard:** Titled "EVENTS", it shows "Event activities across your portfolio this month" with a vertical bar chart. The bars are color-coded: green for "CREATED" (10), green for "RESOLVED" (3), and red for "ABANDONED" (1).
- Top Right Dashboard:** Titled "WORKSPACES", it displays "Most visited & shared workspaces" with a horizontal bar chart. The entries are "OXFORD KPIS DASHBOARD" (teal) and "MONTHLY ENERGY REPORT" (blue). A "Collapse" link is visible in the top right corner.
- Bottom Left Dashboard:** Titled "UPDATE", it features a header "22 MAR, 2018" and a sub-header "We made improvements and bug fixes on the Platform". It includes a link to "release notes" and a link to a "blog post" for more information.
- Bottom Right Dashboard:** Titled "SUPPORT", it features a header "Platform Tips & Tricks" and a sub-header "TRAINING". It includes a link to "tutorial videos" and a link to "NEED MORE HELP?". It also includes a link to "Write us a note."
